

# Data Science

## What is Data Science?

Data Science uses statistics and programming to extract insights from data.

## Course Highlights

- 1 High Demand Career
- 2 Data Driven
- 3 Project Based
- 4 Industry Oriented

## What You Will Learn

- 1 Python
- 2 Statistics
- 3 Data Analysis
- 4 Machine Learning Basics
- 5 Projects

## Who Can Join?

- 1 Graduates
- 2 IT Professionals
- 3 Data Enthusiasts
- 4 Career Switchers

## Course Duration

3 to 4 Months

Projects

Offline Support

## **Certification**

Certificate provided after successful completion.

## **Career Benefits**

1 Data Scientist (Junior)

2 Data Analyst

3 ML Associate
