

# Machine Learning Program with Generative AI

## What is Machine Learning Program with Generative AI?

This program covers machine learning concepts along with modern generative AI technologies.

### Course Highlights

- 1 AI & ML Focused
- 2 High Demand Career
- 3 Project Based Learning
- 4 Future Ready Skills

### What You Will Learn

- 1 Python for ML
- 2 Machine Learning Algorithms
- 3 Generative AI Concepts
- 4 Mini Projects

### Who Can Join?

- 1 Graduates
- 2 IT Professionals
- 3 Data Enthusiasts
- 4 Career Switchers

### Course Duration

4 to 6 Months  
Projects & Labs  
Offline Support

## **Certification**

Certificate provided after successful completion.

## **Career Benefits**

- 1 ML Engineer (Junior)
- 2 AI Associate
- 3 Data Scientist (Entry Level)
